## Pumps

Over a century of manufacturing quality products for every pump application.

- Vertical Turbine
- Dry Pit Non-clog
- Split Case
- Angle Flow
- Submersible Non-Clog
- Vertical Turbine Solids Handling Pumps

One of the most extensive and diversified lines of submersible wastewater pumps in the market.

- Non-clog Submersibles
- Self Priming
- Control Panels
- Grinder & Effluent Pumps

- SST Multi-Stage
- Self Priming Pumps
- End Suction
- Vertical Turbine
- In-line
- Submersible Water & WasteWater Pumps

Maintenance-in-place Rotary Lobe positive-displacement pumps for Wastewater and Sludge Pumping Applications.

- Rotary Lobe Displacement Pumps
- Chopper Pumps
- Crusher Pumps
- Maintenance In Place (MIP)

A broad range of pumps for oil and gas, chemical process, industrial and municipal applications.

- American Made ANSI 811 Submersible & Turbine Pumps
- Self Priming Pumps
- End Suction Centrifugal
- Submersible & Vertical Pumps

Tough, reliable specialty pumps for a controlled flow of viscous products.

- Lubrication & Circulation Pumps
- Process Pumps
- Fuel Transfer Pumps
- Miniature Magnetically Coupled Pumps
- Chemical Transfer Pumps

Leading-edge hydraulic engineering makes these pumps quality performers.

- Trailer Mounted Pumps
- Wet & Dry Self Prime Pumps
- Hydraulic Submersible Pumps
- Centrifugal Pumps

A positive displacement manufacturer with quality pumps using state-of-the-art technology for all critical components

- Progressive Cavity Pumps
- Twin Screw Pumps
- Parts - All Major Brands

## Aluminum Domes

The best aluminum dome design for municipal, industrial and petroleum applications.

- Water & Wastewater
- Bulk Dry Storage
- Petroleum
- Agricultural Applications

## Hatches

Quality metal products for the municipal and wastewater treatment industries.

- Access Covers
- Debris Baskets
- Slide & Stop Gates

## Cranes & Winches

## Water & Wastewater Management System

IDT Harmony Water Management System works virtually anytime, anywhere to give you insight into your rural water utility operations through satellite-based access to metering functions.

- Harmony Water Management System • Daily Satellite Meter Readings • Integrated Billing Options

## Flood Control

When waters rise, FloodSax flat 1 lb. sacks can be deployed by virtually anybody, anywhere, easily. A 20 lb. case effectively replaces over 900 lbs. of sand, and unlike sand can absorb water.

- Flood Control • 5 Year Shelf Life • Flood Clean-Up • 1 lb. Dry Bag • Absorbs 45 lbs. Of Water In 5 Minutes

## Controls

Experience delivering plant wide SCADA system for water and wastewater facilities.

- iControl Web Hosted SCADA • Control Solutions • Float Pak Pump Controller

Variable-Speed Pump Controllers designed and pre-programmed specifically for constant pressure, constant flow, or pump curve applications.

## Valves

From modest beginnings, OCV is a global leader with their minimal internal parts and ability to be serviced in-line.

- Pressure Relief • Pressure Reducing • Pressure Sustaining • Altitude
- Pump Control • Check Differential • Surge Anticipation • Rate Of Flow

## Stations and Booster Systems

An industry leader for the custom engineering and manufacturing of turnkey pump stations, tanks, controls and pressure vessels, for municipal and industrial customers.

- Water Booster Systems • Sewage Systems • Controls • Tanks

A leader in high-quality, environmentally responsible products in many different areas in the wastewater industry.

- Fiberglass Sewage Lift Station • Fiberglass Valve Vaults

## Tanks

Providing highly rated tanks and services, a competitively priced leader worldwide.

- Powder Coated Steel Tanks Using Liquid Fusion 7000 FBE "Stronger than Glass" Coating
- Stainless Steel Tanks • Turn-key Systems Available • Pedestal & Elevated Towers
- Shop & Field Welded Tanks • Design, Fabrication & Installations

## Standard Services & Stock Items

- 24-Hour Emergency Service • On-Site Welding • Fully Outfitted Shop With Crane & Wet Test Pit • Pump & Controls Rental
- Stainless Steel Chain • Inspection Agreements • Control Troubleshooting & Rehabilitation • Highly Qualified Service Personnel
- Complete Water/Wastewater System Rehabilitation • Stainless Steel Guide Rails • Hoist Trucks • Repairs On All Pump Brands

Since 1965 DPC has been serving the Midwest's water and wastewater communities with our wide selection of equipment and friendly customer support. In that time, we've seen it all. Whether you are in the middle of an emergency or on the ground floor of a new project, our experienced staff is ready and willing to help.

*Rod Redlin*  
President
