

## PUMPS

- Effluent Pump
- Grinder Pump
- Self-Priming Pump
- Sewage Ejector Pump
- Submersible Sewage Pump
- Sump Pump
- Chopper Pump

### FAIRBANKS NIJHUIS™ PENTAIR

- Angle Flow Pump
- Vortex Grit Pump
- Dry Pit Pump
- Dry Pit Submersible Pump
- In-line Pump
- Immersible Sewage Pump
- Multi-stage Pump
- Axial/Mixed Flow Propeller Pump
- Self-Priming Pump
- Split Case Pump
- Submersible Sewage Pump
- Vertical Turbine Pump

- End Suction Centrifugal Pump
- High Pressure Pump
- In-line Pump
- Multi-stage Pump
- Self-priming Pump
- Split Case Pump
- Submersible Sewage Pump
- Submersible Turbine Pump
- Vertical Turbine Pump

- ANSI Process Pump
- End Suction Centrifugal Pump
- Self-Priming Pump
- Submersible Turbine Pump
- Vertical Turbine Pump
- Axial/Mixed Flow Propeller Pump

- Immersible/Submersible Pumps
- Horizontal/Vertical End Suction Pumps
- Self-Cleaning Wet Well System

- Centrifugal Pumps
- Hydraulic Submersible Pumps
- Trailer Mounted Pumps
- Wet and Dry Self Priming Pumps

- American Made ANSI 811 Submersible & Turbine Pumps
- End Suction Centrifugal
- Self-Priming Pumps
- Submersible & Vertical Pumps

- Submersible Sewage Pumps
- Dry Pit Submersibles
- Mixers
- Grinder Pumps

- Positive Displacement Rotary Lobe Pumps

## CONTROL SYSTEMS

- UL 508A, UL698A Listed Industrial Control Panels
- Broad range of solutions, from a standard pump control to remote monitoring systems
- 24/7/365 Service and support

- Complete SCADA software suite featuring intuitive maps, trends, reports, operator notes, and alarm management tools all bundled into one simple install and license agreement

- Panels are built with various control schemes including floats and transducers depending on customer preference
- H2PrO is the ultimate design for new and existing clean water pumping applications

## SPECIALIZED EQUIPMENT

### DERAGGER+

- The DERAGGER+ anti-ragging capability eradicates pump clogs in wastewater pumps
- Provides a wealth of diagnostic information and pump data
- Typical payback in months
- Reduces operational callout costs
- Improves electrical efficiency by up to 48%

## VARIABLE FREQUENCY DRIVES

### AQUAVAR™

- Single, reliable centrifugal pumping system that saves energy, reduces wear to pump motors and increases pump performance
- Delivers constant pressure required by booster pumps, and constant flow needed for well pumps or control system curves

## FLOAT ALTERNATIVE

### WASTEWATER LEVEL

- FOGRod
- Wetwell Level Sensor

## STOCK MATERIALS

- Chains
- Floats
- Guide Rails
- Pumps
- Control Equipment
- Valves and Pipe Fittings

## STATIONS & BOOSTER SYSTEMS

- Custom engineering and manufacturing of turn-key pump stations, tanks, controls and pressure vessels.
- Modular booster pump stations in an insulated building for applications up to 12 million GPD with your choice of constant speed or variable frequency drive models.

- Engineered Solutions
- Fiberglass Basins and Covers
- Poly Basins and Covers
- Basin Accessories
- Structural Foam Basins and Covers

## VALVES

- Pressure Sustaining
- Pump Control
- Altitude
- Check Differential
- Surge Anticipation
- Rate of Flow
- Pressure Relief
- Pressure Reducing

### FLOMATIC® VALVES

- Air Release
- Vacuum Valve
- Backflow Preventer
- Butterfly Valve
- Check Valve
- Foot Valve
- Gate Valve
- Plug Valve
- Strainers
- VFD Valves

## SOLIDS REDUCTION/REMOVAL

- Taskmaster Inline Grinder
- Septage Receiving Stations
- Inline Shredder
- Delumper Crushers
- Shredders
- Screens

## HATCHES, CRANES & WINCHES
